This feature is available for use in Cards issued by the Bank which have an embedded Radio Frequency Identification (RFID) chip and an antenna which transmits payment details wirelessly to a contactless reader connected to a merchant's point-of-sale ("POS") system. This is done by waving or tapping the Card on a contactless enabled POS terminal for the purpose of making a payment.

15.2 In order to activate or use the CLM feature the Cardholder is only required to perform a contact transaction (Chip & PIN).

16. Contactless Transactions

16.1 For transactions carried out using CLM, Cardholders are not mandatorily required to enter the PIN during the purchase.

16.2 To make the payment using CLM, Cardholder is required to bring the card in close proximity, which is approximately 4 cm or less, of the contactless enabled POS or a reader and tap or wave the card.

16.3 CLM of payment is only applicable for purchases at a merchant POS. However, for ATM withdrawals, PIN is mandatory.

16.4 A Cardholder may use the Contactless Card to effect six Contactless Transactions on contactless readers provided that the value of each such Contactless Transaction does not exceed Kenya Shillings Four Thousand (KShs.4,000/=)

16.5 Even though there is no daily limit, the Cardholder is subject to a cumulative limit of Kenya Shillings Sixteen Thousand (KShs.16,000/=), after which, the Cardholder shall be prompted to input the PIN.
